

Graphiklab Pte Ltd Company Profile

“ To ensure a stress-free, full customer satisfaction with the highest quality of design in every website or graphic that we produce, and by being the best & complete source for all your design needs “

Established in 2007, Graphiklab has had the opportunity to work with various private and public sector organizations throughout Singapore. No matter the shape or size, each and every one of our respected clients receives the same attention to detail and focus when we develop a project. With over 10 years of experience in digital, web & graphic design, Graphiklab continues to push the boundaries of web development and graphic design. It's our job to ensure that you put your best, online and on print.

Graphiklab has been certified by the Expenditure & Procurement Policies Unit of the Ministry of Finance of Singapore as an official Government Supplier in the Software Development category for contracts worth up to S\$500,000.

Web Design What is so special about Graphiklab?

The difference is in our produced works, the support that we provide and the relationships that we build with each and every one of our clients. We serve our clients directly and occasionally collaborate with external partners and agencies. We aim to produce world class creatives and solutions but we never ever forget to have fun doing it!

So give us a call, talk to us, because we'd love to hear from you.

Welcome to your new creative agency.

Graphiklab Pte Ltd Company Profile

Our Capabilities

With more than 10 years of experience in various creative and development environments, we are well-equipped to offer you the best solutions possible through the medium of your choice. The people behind Graphiklab has extensive experience and creativity using the various industry standard design tools available on the market today. We constantly keep ourselves updated to the latest design trends online and offline. While we also use other tools to get the job done, Adobe's latest creative suite of design softwares are what we thrive on.

Our Services

Web Design & Graphic Design

Frustrated that you can't update your website? Ashamed to give out your website URL because it's still stuck in the 90's? Graphiklab produces websites which are a pleasure to look at, easy to use, easy to maintain and ensuring that the creatives & solutions ultimately meet your branding & marketing needs. Our solutions will help you get exactly what you need, from getting more sales or visitors to achieving a professional, reliable and successful presence online.

Graphic Design, Corporate Identity & Brand Design.

We understand that designing a corporate identity involves many factors including branding, marketing, aesthetics, colors, and most importantly the emotions that it carries and how it's presented to your customers. Your logo is your direct reflection to your company. Find out how we can design your corporate identity and all the stationaries that goes along with it.
